## Just a few reasons to adopt a black cat . . . . .

- Holding a black cat is very slimming.
- Black cats will match any decor.
- A lint brush isn't required for a black-tie affair.
- When you love a black cat, luck is on your side.
- Black cats are like onyx, a beautiful gem.
- Hey, they don't care what color you are!
- Love knows no color.
- They are the least likely to be adopted.

## ***November is Black Cat Adoption Month at CHA***

All Black (and black mix) cats and kittens are **50% off** regular adoption fees. Regular adoption fees \$70 cats, \$100 kittens.

All animals are spayed, neutered, microchipped, and current on shots prior to leaving the shelter.

**Please consider adopting a black cat.**

A 2002 study in the Journal of Applied Animal Welfare Science that examined adoption rates over nine months in a California pound found that black cats were about half as likely to be adopted as tabby cats and two-thirds less likely than white cats.
