George is me civilian name. Me real name is one-eyed Jack. I'm a swashbuckler and a pirate by trade. I'm a pistol, a scamperer, and a dancer by inclination. I'll stand on your foot and dance with you, pillage your fridge if you let me, and scamper around like the fiend me mother raised me to be. Love me, hug me, squeeze me and I'm all yours. I'm ashamed to admit it, but I'm just a softy for a cuddle. I lost one eye while out serenading the ladies one night (I know, I know, I'm only four months old!), but it hasn't slowed me down or made me afraid of nothing. Just come by and give me a chance to show you what a piece of eight I am.

George's eye needed to be removed due to long term neglect. He now has fully recovered and is more than ready to find his new home... George is well socialized with small dogs, large dogs and other cats!

Riley came to CHA Animal Shelter as just a tiny puppy and he is growing bigger every day. He is part bat and part pit bull terrier (just kidding about the bat but look at those ears!) and is very well socialized with other animals. While Pit Bulls get a bad rap in the press they make very good family pets and tend to be goofy clowns who will spend their lives making you laugh.
